

Necessary conditions for ECVET implementation

Feedback from ECVET pilot projects and Cedefop analysis

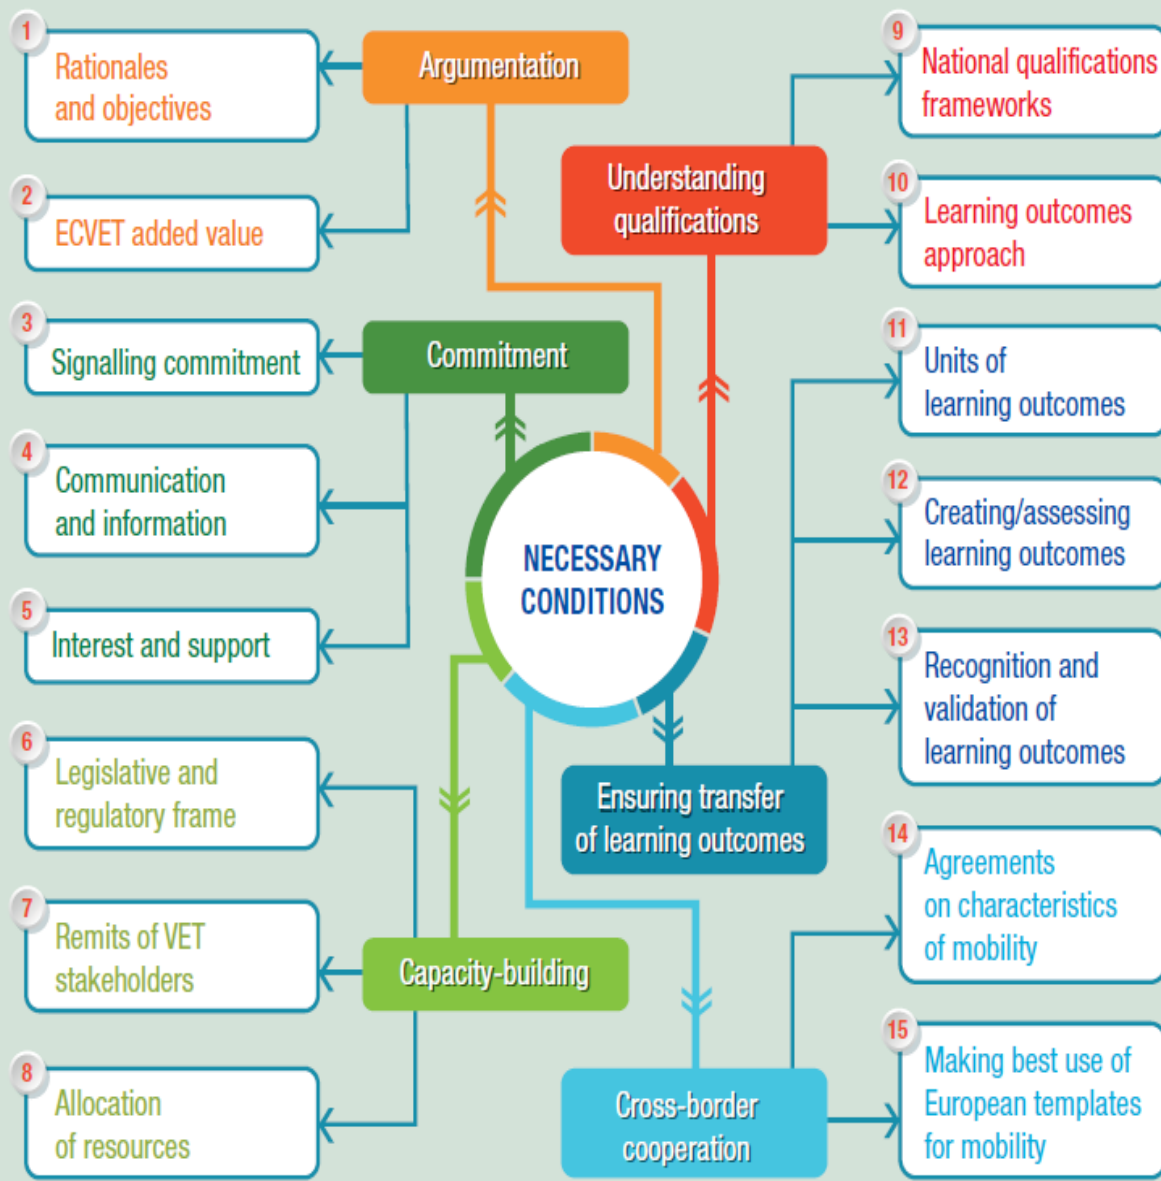

CO.L.O.R project final conference

19 April 2013

Daniela Uličná (daniela.ulicna@ghkint.com)

What is needed to make ECVET an operational tool?

- Why are we doing this?
- Who is in charge of what?
- Is the qualifications system compatible?
- Are there procedures for transfer and accumulation?
- What European support exists?

More information available:

- www.ecvet-project.eu - in particular the ECVET Magazine issues
- Cedefop (2013) *Monitoring ECVET implementation strategies in Europe*
- Cedefop (2012) *Necessary conditions for ECVET implementation*
- DECVET (Germany) – <http://www.decvet.net/> (rapport final an allemand)
- French speaking community of Belgium (CPU) – <http://www.cpu.cfwb.be/> (including the inspection report)
- Finish National Board of Education (2012) *FINECVET as a pioneer. From piloting to implementation. Starting Points for Implementing the European Credit System for Vocational Education and Training*

WORKING PAPER

No 18

Monitoring ECVET
implementation
strategies in Europe
